Lisa,

Below is the email from Dana. The pre-screen for Isabella mine, based on Susan's comments, comprises two mines. Would it be possible for Site Assessment to request a revised pre-screen to cover only the mine in non-Tribal land? This would make potential enforcement a bit easier. I won't be at Wednesday's call, so if Site Assessment is in agreement, this could be an agenda item.

Thanks,
Kevin

Hi Kevin,

The Isabella, Doris and Roundy Manol Strip are the three mines in the Poison Canyon that NMED prioritized for response actions based on the conclusions of the Pre-Cerclis Screens. Other mines (Spencer, Dog and Flea) are under BLM management. I have attached the cover letter as well as the screening assessments for the Isabella, Doris and Roundy Manol Strip mines. Note the attached PCS assessment of the Isabella includes clarification and corrections provided by Susan Lucas-Kamat with the Mining and Mineral Division.

If you have and questions or require additional information please contact David Mayerson at 505-476-3777. Susan Lucas-Kamat has the ownership information.

Thanks,
